ABOUT ME

Web Developer with expertise in React, Next.js, Vue.js, and UI/UX design. I specialize in building end-to-end applications, from high-fidelity Figma prototyping to clean, maintainable front-end code. Bringing a disciplined, technical background from the telecommunications sector, I am eager to apply my analytical problem-solving skills in a professional web development role.

PROJECTS

The Wild Oasis | Full-Stack Hotel Management and Booking System

Professional Portfolio – React Specialization

- Execution:** Dual-platform application with a full admin dashboard for the team and a customer-facing booking website.
